According to the Forum a certain
 Bucyrus young man advertised for a
 wife and his sister answered the ad-
 vertisement. The young fellow now
 thinks advertising doesn't pay, and
 the old folks think it is pretty hard
 luck to have two fools in one family.

To be "in it" nowadays you must
 stop shaking hands in the orthodox
 old time way. The prevailing fad is
 to raise the hand on a level with the
 ear and it takes a good deal of prac-
 tice to do the new gymnastic act
 with the ease and grace that would
 entitle you to pass muster in "bong
 tong" society.

Last Friday morning, about 3
 o'clock, people in the vicinity of the
 railroad were awakened by the clear
 notes of a single. Some of Co. F boys
 thought it was a call for Pounding,
 but investigation showed that the
 bugler was on the caboose of the
 early morning freight and was simply
 having a little fun of his own.

Manner
 As well as Matter should always be
 considered in advertising. A good
 advertisement badly set doesn't
 catch the eye and therefore doesn't
 pull. Look over the Northwest
 advertisements. Aren't they nice-
 ly displayed? They're made up
 from new display type faces, new
 borders, and set by competent
 printers. They're fair to look upon,
 but, best of all, they go among the
 buying classes, who have taste as
 well as money, and appreciate man-
 ner as well as

Matter.

Dr. Price's Baking Powder

California, empire of the Pacific, salutes the world.

Her Midwinter Fair closed in a midsummer blaze of glory.

Second only to the Columbian Exposition in extent, variety
 and splendor, the coast display was a veritable triumph.

Out of her abundance the state poured her treasures—and
 the nations of the earth came to aid her in her noble
 exhibition.

Memorable were the exhibits—of gold and silver,
 of wheat and oil, of fruit and wine, of silk and wool—of all
 that man and nature could combine to produce. And no
 exhibit attracted more attention or excited warmer approval
 than that of

Dr. Price's Cream Baking Powder

Official tests showed it to be highest in leavening power,
 purest in quality, and most efficient in results of all baking
 powders made. Accordingly, the Highest Award and Gold
 Medal were conferred on Dr. Price's at the Midwinter Fair.

The triumph at San Francisco confirms the victory at
 Chicago. The Midwinter Fair verdict sustains and vindicates
 the bestowal of highest honors on Dr. Price's by the
 jury of awards at the World's Columbian Exposition.

THREE ANNIVERSARIES.
 On Three Successive Days.

The 17th wedding anniversary of
 Mr. and Mrs. W. O. Hudson was
 celebrated on the 8th inst., by the
 Hudson family and immediate re-
 latives. The occasion was one of much
 rejoicing and was largely attended.
 Mr. and Mrs. Hudson have hosts of
 friends in and around Napoleon who
 congratulate them upon the happy
 event of their 17th anniversary of
 their wedding day, and who wish
 them many returns of the day.

The succeeding day, the 9th, being
 the 38th birthday of Mr. Hudson, it
 was but just that it should be made
 a day of rejoicing. Therefore the Odd
 Fellows, of which order Mr. Hudson
 is an honored member, gathered at
 the family residence and lent their
 aid in celebrating the event in a fit-
 ting manner. During the evening
 "Whit" was presented with a beau-
 tiful rocking chair by his fellow Odd
 Fellows, who wished in this way to
 show esteem for their brother.

Not to be outdone by her
 husband, Mrs. Hudson became 34
 years of age the following day, the
 10th, and it was due her that the oc-
 casion be recognized. So the friends
 and neighbors were invited to her
 home, and a third day of rejoicing
 was held. May she live to see
 many more birthdays is the wish
 of her many friends.

Any thing new in the line of fancy
 work you can find at Horn & Nor-
 den's.

Grand Dance.
 The Star Hose Co., of the Napo-
